Flash 99-15

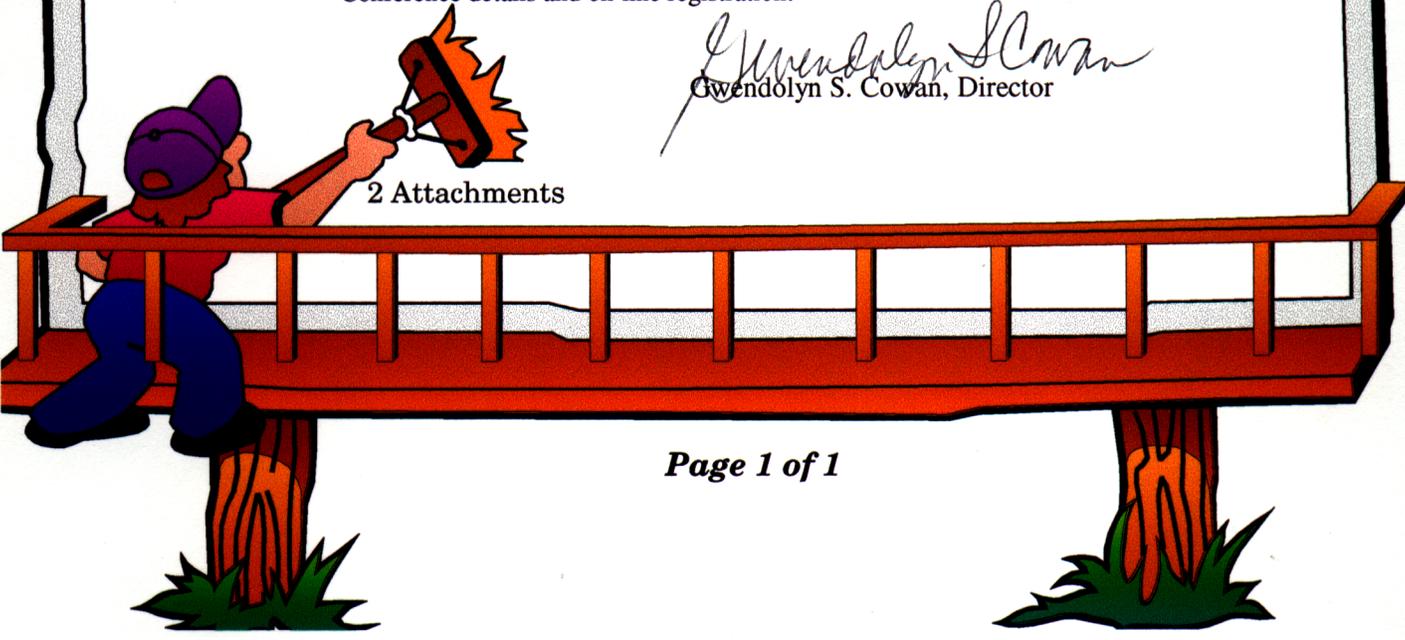

DATE: August 20, 1999
TO: Distribution
FROM: Office of Procurement and Assistance Policy, MA-51
Office of Procurement and Assistance Management

SUBJECT: *DOE P2 '99 CONFERENCE*

SUMMARY: The Department of Energy, Sandia National Laboratories, Los Alamos National Laboratory, and the Waste-management Education & Research Consortium invite you to participate in the 1999 Pollution Prevention Conference "Prevention Conference" On November 15-19, 1999, at the Albuquerque Convention Center. There are seven parallel focus tracks that will focus on how a pollution-free DOE can become a reality. Room is still available for more presenters AND attendees in all focus tracks. The attached postcards provide all the pertinent information including Conference details and on-line registration.

"Moving towards a Pollution-Free DOE"

Attention: Procurement Managers, Staff and EO 130101 Coordinators

Seeking environmentally preferable products at better prices?

Want to use EO13101 to be on the cutting edge of reduce, reuse, recycle, and environmentally preferable purchasing?

Are you responsible for Executive Order 13101 training but have no funding?

With manufacturers, DOE executives, the Federal Environmental Executive, and your EO13101 colleagues, you are invited to brainstorm solutions, attend a EO13101 training workshop, see vendor exhibits and demonstrations, and hear the keynote address "Greening the Government" by Fran McPoland.

For more information about the "Green Buyers - Purchase Power" session and to register for the conference, see <http://p2.sandia.gov>.

NO REGISTRATION FEE FOR ATTENDEES!

Registration due October 1, 1999

DOE P2 '99 Conference Albuquerque, New Mexico November 15-19, 1999

POLLUTION PREVENTION IN CLEANUP STABILIZATION AND DECOMMISSIONING

This year's conference will feature a focus track devoted solely to the incorporation of P2 into cleanup, stabilization and decommissioning (CSD) activities at sites, as well as the program level. For the near future, these activities will produce the largest volume of waste in the DOE complex, and true incorporation of P2 into these programs is still in its infancy. Join us in brainstorming solutions with the keynote speakers, DOE executives, national experts, and your CSD colleagues

NO REGISTRATION FEE FOR ALL ATTENDEES!

ABSTRACTS FOR PAPERS & POSTERS ACCEPTED THROUGH AUGUST 31, 1999

Technical papers and discussions will be presented on:

- Materials Reuse
- Regulatory Interface Strategies
- Contract Language and Incentives
- Pollution Prevention Technologies
- P2 Assessment Methodologies and Success Stories
- A Workshop on Material Reuse and Asset Sales
- Vendor technology demonstrations
- Other elements of the program include:
 - A Plenary session featuring DOE Sec. Bill Richardson and DOE Asst. Sec. Jim Owendorf discussing P2 successes, goals and new directions.
 - A tour of Sandia Labs ER sites
 - A focus discussion on P2 and Disposal (on and off site)
